

CITB Site Supervisors Safety Training Scheme SSSTS – Assessment and Certification:

This is a professional interactive course delivered by means of, classroom discussion, group work and individual/group presentations. Delegates will be continuously assessed throughout the course. There will be a multiple-choice test at the end of the course which delegates need to successfully pass. Successful candidates will be awarded the Site Safety Plus CITB Site Supervisors Safety Training Scheme Certificate. This certificate will remain valid for 5 years. Successful candidates can go on to complete the 5 day CITB Site Managers Safety Training Scheme (SSSTS) designed for site managers

Venue:

All our CITB Health and Safety courses are delivered at The Broadlands Hotel in Rochdale, 10 minutes off the M62.
